

# After The Flood and Overflow

**Pre-planning** for any emergency and disaster situation **saves lives.**

Act according to the warnings of authorities.

Check your building for possible damages.

Watch out for animals like mouse or etc.

Do not use any material that come into contact with water.

Help neighbors, elderly, disabled and children who need special attention.

Do not try to go indoors if there is still water around your house.

Do not touch broken electric cables.

Use bottled water if possible.

**AFAD**
